

Ellwood Cottages - Access Statement

Introduction

Ellwood Cottages comprises three tastefully furnished cottages, named after Dorset literary figures, Hardy, Barnes and Blyton, in a courtyard setting in lovingly restored single storey former farm buildings full of character and charm. Adjacent to the cottages is a heated indoor splash-pool. There is also a large recreation room with libraries for both children and adults, with some large print books, a selection of games and toys and a piano. Next door is a therapy room, where visiting therapists offer 'pure-pampering' - with no journey home afterwards! Utter bliss!

Everywhere is fully wheelchair accessible. There are no steps and all doors have 760mm clear opening. All showers are wet-room style, kitchens have accessible hob and sink with front controls and 850mm wide x 350mm deep and 700mm high clear space under for wheelchair access. Light switches are at 1100mm and electrical sockets at 900mm. Push-pull doors for easy opening and closing rather than awkward handles to be turned.

Available for guests use are Oxford Advance mobile hoists (please bring your own sling/harness) wheeled shower chairs, shower-chair commode, high back chairs with arms, bed height raisers, toilet seat raisers, a pouf-footrest, kitchen perching stool and child's step-stool. Smaller items include a pick-up reacher/grabber, magnifier, and a shoe-horn in each cottage. Other more specialist equipment can be hired from a local supplier – please enquire for details.

Wi-Fi is available in the cottages. Do please note that because we are in the countryside the signal strength and speed are very slow. Accessing Email and search engines is usually Ok, but online viewing/streaming may be intermittent. BT has been promising superfast broadband for some time and it may be available in time for your holiday!

Pre-Arrival

- Large print booking forms, access statement, directions 'how-to-find-us' and other information is available.
- Bookings can be made by telephone, post or e-mail.
- Groceries and frozen meals can be pre-ordered and will be in your cottage when you arrive.
- We are in the heart of the countryside so it is advisable to stock up with food and petrol on the way here.
- We could collect you from the nearest railway station but with only one bus a week through Woolland you really need your own transport.
- The access statement is available on our website.

Arrival & Car Parking Facilities

- We suggest you follow the directions you will be sent, rather than relying on a sat-nav. We are in a remote area; there aren't many road/direction signs and certainly no street-name signs.
- You will be able to drive up to the front door of your cottage to unload your luggage, which we can help with.
- Adequate undercover parking is available at the rear of your cottage and there is a level hard surface route, without kerbs, from the car to the cottage - a distance of approximately 30

metres. The gravel in the courtyard is also wheelchair friendly.

- We will meet you on arrival and show you around your cottage, the recreation room, pool and gardens.

Public Areas

- A large recreation room is provided for guests use. There are books (some large print), magazines, games, puzzles, a piano and an information section with leaflets and brochures of places to visit.
- Mobile phone reception is very poor in our area, with only isolated areas where it is possible to get a signal.

Laundry

- Your cottage is equipped with a washer/dryer, a drying rack, pegs, iron and ironing board. There is a washing-line for use in the garden.

Treatment room

- The beautiful treatment room is comfortable and has an adjoining wheelchair accessible cloakroom. Visiting therapists offer a range of therapies including reflexology, massage and hypnotherapy. Therapists will however, on request, treat guests in their cottage.

Leisure Facilities

- The splash pool is 6.0 metres x 3.0 metres x 1.4 metres deep and the pool water is kept at a comfortable temperature - circa 30°C. Do please note the water temperature in a Hydrotherapy pool is much higher, but ours is not a hydrotherapy pool. Please check the water temperature of the pool you regularly use and if it is higher than 30°C consider whether our pool is appropriate for you to use.
- There are two changing rooms, each fully wheelchair accessible with wet room shower and side access wc facilities. There are guide rails all around the pool at the water line and easy access steps. There is an Oxford Dipper hoist - please be sure to bring your own harness/sling.
